

THE Gleichen Call

TWENTIETH YEAR NO. 30

GLEICHEN, ALBERTA, WEDNESDAY, OCTOBER 13, 1926

SUBSCRIPTION 2.00 PER YEAR

TOWN COUNCIL HELD THEIR REGULAR MEETING FRIDAY

Minutes of the meeting of the Town Council, Friday, October 8th.

Those present were Mayor Michael, Councillors Wright, Ferguson, Menard, Brown and Moss.

Couns. Wright and Moss: That the minutes of the meeting of 10th, September be adopted as read.—Carried.

The mayor reported that only three metal shingles had been placed on the shed in rear of the Walker Garage and Councillor Menard was instructed to see that the orders previously issued were immediately carried out.

The secretary had no further report on the S. P. Megli matter and Mr. Boyd on being called over the phone stated that a new company was being formed and that it would be better to leave the matter in abeyance for about a week until the preliminaries were completed when the matter of proceeding with the seizure could be effectively dealt with.

Councillor Brown suggested that the secretary notify the finance committee if no settlement was made within ten days and this was agreed to by the council.

The secretary was instructed to notify Mr. Boyd to proceed with the drafting of By-Law 165 and have a copy sent forward to the Department of Public Health for approval.

Re additional street lights, Coun. Moss stated that he had seen Mr. Allen who informed him that he had received orders from Mr. Brown to proceed with the installation. He had promised to have the work done as soon as he had his gang in the vicinity of the town. The matter was left in the hands of the Light Committee with a recommendation that they insist on the work being undertaken as once.

Councillor Menard reported that major alterations to the new fire hall had been completed at a cost of about \$55. Disposal of the window glass and shade were discussed. A price of \$15.00 was set on the shade and it was decided to store the glass meantime. It was also decided to purchase a bed and spring for the resident caretaker.

The financial statement to 30th, September was submitted and analysed.

The secretary was instructed to notify all who had not paid their business tax that collection would be made by seizure on 1st November.

Re expenditures to date: It was shown that the Public Works Committee had an unexpended balance of \$23.85 of their estimate for the year.

Couns. Menard and Wright: That the Public Works Committee be allowed an additional \$125.00 to put work now in hand on Griesbach St. in a passable condition.—Carried.

The water works estimates it was figured would be over spent \$373.00 by the end of the year.

The fire, light and police committee had still a balance of \$122.00 to carry on with till 31st December.

The secretary was requested to notify Mr. Jones that use of the barn for storage of fire equipment would be discontinued after 22nd October.

The question of parties refusing to pay for water and asking to have it shut off was discussed and the secretary was instructed to charge up against the property whether the tenant wanted it or not.

Couns. Menard and Ferguson: That the accounts as passed be paid.—Carried.

"ELLA CINDERS" PICTURE NEXT SATURDAY NIGHT

Fireside humor and pathos as exemplified by the comic strip of the home newspaper becomes a living moving thing upon the screen in the pictureization of "Ella Cinders." Colleen Moore's latest vehicle for First National, which will come to the Gleichen Community Hall next Saturday night.

The picture, made by John McC

GEO. MATTHEWS LTD., SELLS OUT TO MR. J. C. MELVIN

J. C. Melvin has purchased the general store of Geo. Matthews Ltd., and on Monday took over the possession of this well-known business, opening up Tuesday morning under his own name.

Mr. Melvin has had many years experience in the store business, but now comes direct from Summerland B. C., where he successfully carried on in the same line of business. Previous to this he was in business at Monitor, Alberta, and other points. His experience in the west has fitted him with every qualification to take over the Geo. Matthews Ltd. in Gleichen, which during the past ten years Mr. Matthews built up to financial success.

Mr. Melvin's intention is to specialize in dry goods, boots and shoes, etc., and at the same time to keep a full line of the freshest groceries available at all times.

The Call speaks for Mr. Melvin the successful career in Gleichen which his long experience and ability gives him special advantages in the serving of the people of Gleichen district. He intends bringing his wife and family to Gleichen shortly to make their permanent home, and will make a welcome addition to our town.

Mr. Matthews expects to leave Gleichen before the end of the week to join his family in Vancouver and will leave many friends in Gleichen who wish them all things good.

G. E. McCollough, who has been manager of the Geo. Matthews Ltd. left Monday afternoon for Drumheller where he will engage in the business of life insurance in future having written his first policy that morning. "Mack" will be missed by many friends who will wish him every success in his new career.

GEO. ELLIOTT PASSES AWAY

We are indebted to Rev. R. N. Matheson, of Redcliffe, formerly of Gleichen for the particulars of the death of George Elliott which follows:

Mr. Geo. Elliott, who for a number of years operated the Ogilvie Grain elevator in Gleichen, died in Mayo Bros. hospital at Rochester, Minn., on Monday September 27th. Many Gleichen people will receive this news with sorrow. While in Gleichen Mr. Elliott was popular in business and society. He was an enthusiastic member of the Curling Club a keen Oddfellow and a regular attendant and consistent supporter of the United Church. During the past few years he was travelling for the Ogilvie Milling Co. with headquarters at Medicine Hat and made occasional calls at Gleichen.

His wife was at his bedside when he passed away. She accompanied the body to their old home at Indian Head, Sask. The funeral which took place on Thursday, Sept. 30, was largely attended. Mr. Elliott who was in his fifty-fifth year, is survived by his wife and three children two sons and a daughter all grown up.

Miss Moore who is always delightful in a Cinderella theme, can be expected to play her part in a drama of such background. She has the services of Lloyd Hughes as her leading man and is surrounded by players of proven capabilities.

Alfred E. Green, her mentor in many past screen successes, directed Miss Moore in this new offering.

SHOULDICE HAS SOME FAIR GRAIN RESULTS

(From Our Own Correspondent)

Miss Jones returned to Shouldice school in August and her school is located on the permanent site just south of Alden Smiths home, in temporary quarters. But tenders are being called for building the new school. Miss Jones has something like 19 pupils, including grade 9.

Mr. McBride and D. and F. House are now on the phone line. The line has lately been extended.

A Doukoubour has purchased one acre of the C. P. R. land at Shouldice and is building a residence now.

Geo. Brown's threshing outfit is busy threshing for Bill Bell.

There are about fifteen or twenty Doukoubour families living on the section they purchased from Frank Wallace. Their children are not attending school as the Arrowood school board did not think there was seating space available at this time.

Mr. Salter has closed his blacksmith shop for the present and he and his wife are working on Howard Salter's threshing outfit.

Vickery & Co. general merchants is giving great satisfaction and their business is increasing. This company is from Tabor, having opened business in Shouldice in July.

Mr. Thompson has been working on his new home in Shouldice while threshing was held up during the bad weather.

Mrs. Crum has returned to Alberta after spending sometime in Washington and is expected to take charge of her restaurant soon.

Wheat threshed for D. and F. House ran about 35 bushels per acre on King No. 3 tough.

Mr. Army's stubble wheat yielded 16 bushels to the acre.

C Williams's stubble went 20 bushels per acre and summer fallow over 30 bushels an acre.

Clayt. Williams has purchased the residence of Mr. Leith in Arrowood and will make this his town home.

THE UNITED CHURCH

SUNDAY, OCT. 17

Gleichen: Church School, 10:45 a.m. Public Worship, 7:30 p.m. Arrowood:

Combination service, public worship and Sunday school, included in one service, at 10:30 a.m.

"What is my Religion?" will be the subject of the practical message of the pastor, Rev. Geo. Webber, at the services next Sunday, Oct. 17.

A mid-week service for Bible study is held each Wednesday evening at 8 o'clock, in the Gleichen United church. Come, and bring your Bible. A cordial welcome for all at each of these services.

SHAMROCK SCHOOL SEPT. REPORT

Report of Shamrock S. D. 1696 for the month of September:

Grade 7, 3 pupils, Lucile Bell 83.03 Grade 6, 7 pupils, Hazel Robinson 60.22 Grade 5, 2 pupils, George Walker 76.69 Grade 4, 2 pupils, Jimmy Walker 65.76 Senior grade 2, 2 pupils, Wesley Desjardine 78.57 Junior grade 2, 2 pupils, Ruth Helmer Grade 1, 5 pupils, Marie Desjardine.

Pupils 23. Percentage of attendance 94.

Miss M. Allen, teacher.

It is mighty hard to tell which upsets a town quicker, a good looking woman or a homely rich old bachelor.

WANTS A LIVE GLEICHEN DISTRICT POULTRY ASSOC.

Arrowood, Alta.

Editor Call:

What is the trouble with the Gleichen District Poultry Association?

A year ago last February we poultry raisers and breeders of the surrounding country as well as many breeders in Gleichen, got together and organized an association in Gleichen.

After one or two meetings we heard no more about the Gleichen District Poultry Association.

Where does the trouble lie?

Is it in the presidency or other officers?

If so why not call a meeting Mr. President and elect officers for 1926 and put life into this association? We have affiliation with the Alberta Poultry Association and there is no reason why Gleichen could not hold poultry shows, invite speakers to come and give talks on poultry for the benefit of all, whether breeder, fancier or raiser.

There are many towns in the province no larger than Gleichen, some associations with interesting meetings. Why not Gleichen?

We started out with over fifty members last year who paid their dollar membership fee.

Now, it appears to me as though the Association should show some life before long and get on the show slate so as to have a show in the fall. It takes time to prepare for a show, we realize, but no time like the present.

Either show real life or return to those parties, who became members to help us get this Association going, their money and admit our failure to have and to hold a Poultry Association.

A poultry association is needed in this district to improve and enlarge the poultry industry of Gleichen District.

A MEMBER.
Gleichen District Poultry Association

NEW BISHOP FOR CALGARY DIOCESE

At the General Synod of the Diocese of Calgary, on October 5th, the Very Reverend Ralph Sherman Dean and Rector of the Holy Trinity Cathedral, Quebec, was elected to the Bishopric of the Anglican Diocese of Calgary to succeed the Right Rev. Cyprian W. Pinkham, D.D., retired bishop of Calgary.

Rev. Dean Sherman is a native of Fredericton, a graduate of the University of New Brunswick and of Oxford University, which he attended as a Rhodes scholar, and holds degrees from Bishops College, Lennoxville, as well. He entered the University of New Brunswick in 1903, graduating with his bachelor's degree in arts in 1907, with graduation honors in classics and distinctions in philosophy. Later he obtained his master's degree from U.N.B. and was chosen Rhodes scholar in 1909, taking his B. A. from Oxford in 1911 and his Bachelor of Literature degree in 1914.

No doubt the Gleichen parishoners and members of the church from outlying points will be well satisfied and pleased with the election of Dean Sherman as bishop of this diocese. Dean Sherman is a young man, and we hope he will be long spared to administer to the wants and needs of this great diocese.

No doubt all will look forward to meeting the bishop elect at some future date right here in Gleichen when he will be given a good welcome the same as the late beloved bishop was always given.

The whist drive given by the ladies of the Gleichen Women's Institute Wednesday night proved most enjoyable, there being fourteen tables playing. The supper served by the ladies was an excellent one and greatly appreciated. Mrs. Hoey won the ladies prize and Mrs. McQueen the trophy while Mr. captured the gentlemen's prize and Mr. L. Bartsch the trophy.

J. C. MELVIN

successor to Geo. Matthews, Ltd.

We beg to announce that we have just taken over the business of Geo. Matthews Ltd., and will continue to do business on a cash or 30 day basis. Your continued patronage to this store will be greatly appreciated. We will aim to give you the best possible service, quality and low prices.

GLEICHEN, ALBERTA, WEDNESDAY

CONSIDER FIRE CAUSES

Now when we are not far from the dangerous fire season is a good time to seriously consider the subject and prepare as much as is possible to prevent fire.

A fire chief commenting on fire says, "when it comes to a cry of 'fire' women are women and lose their heads more quickly than men." Of course the cigarette smoke of male or female has much to do with the cause of fires. In the matter of causing fires, the tailor made cigarettes is the worst. It keeps on smouldering until the last particle is consumed. Not so with the home-made cigarette. It is a difficult job to keep these home fires burning at best, and when the but is thrown aside, it goes out almost instantaneously.

The electric iron, which causes many fires when left attached, is not overlooked. In places of business where these irons are used extensively, the fire marshal insists upon the installation of the red light which sends forth a crimson glow when the iron reaches a certain temperature, thus warning the worker that danger is at hand.

Some few homes have the pilot. Light attachment, but not many, and probably those who have it do not really need it. Persons who are sufficiently thoughtful of this precaution, probably would always remember to disconnect the iron when not using it.

The innocent coal oil stove is abhorred by fire chiefs because the opportunities it gives to careless workers, with a greasy kettle lid cover, or using gasoline for cleaning, where there is a fire or a lamp, is of course known to most women as a dangerous course but some forget, and some put gloves on their hands and wash them, when they invite disaster by ignition by friction.

THE SOIL OUR HERITAGE

We must cease looking upon our land as an object which has us as transient masters. Instead, the passing years must teach us to love our soil. The European landowner does the few acres that he has inherited from his father and in which lie all the past traditions of his family. In the soil we must see our great and permanent possession that is to be preserved, built up and made more fruitful for the children of coming years. If we accept as a national ideal the demand that we live by the labor power of our people we must quickly become a nation of skilled workers in the city and upon the farm, for the crude and unskilled effort will not support us in our present standard of living. It is comparatively a simple thing to farm by machinery for wheat on the virgin prairie; but to carry on intensive agriculture in accordance with scientific principles under a system of crop rotation, using a great equipment of tools with large stocks of well bred cattle, growing a great variety of plants and fruits, supplying from year to year the needed fertilizer to the soil special skill and much technical knowledge.

Yet leaves do not always fade in such a manner as to warrant somber reflection. Many leaves fade amidst a glory and beauty such as fills the western sky when there is a red sunset. Some leaves fade in colors that are enchanting, a sort of mid-autumn's day dream. Were it not for the fading of the leaf the splendors of autumn would be lost and gone from the landscape the splashes of crimson, glorious hues of orange, and more sedate shades of maroon and russet. Autumn

"Turned my maple's leaves to gold;
The most are gone now; here and there one lingers.
Soon these will slip from out the twig's hold
Like coins between a dying miser's fingers."

The harm a man can do to a man's reputation is not so serious as what he can do to his character. Clothing men report that half of male Canada is garbed only in rags. That is bad. Used to have some tatters, too.

Hawaii is reported to be no longer a snakeless land, but may be merely an excuse.

Many a woman who never looked inside a volume of Blackstone is able to lay down the law.

Here and There

Monten—Large mounted black bear may soon be available in Alberta sportman for a batch of furs and pelts and from the Kootenay Lakes have been placed in the La N. Home by the Northern Alberta Fish and Game Protective Association.

McGill University opened her senior football season in Montreal at the Percival Molson Memorial Stadium on October 2nd, with a game against the Old Boys. One of the most enthusiastic fans of the game is R. W. Beatty, President of the Canadian Pacific Railway, who is an ardent football fan and will be present at all the big games this season.

In a recent despatch from the west, W. L. Smith, former editor of the Farmer's Sun, estimates that approximately \$1,000,000,000 will be added to Canada's income this year from the products of the farms of Western Canada. Last year's field crops were valued at \$1,121,000,000 to the growers and it is the west in the prosperity culture Mr. Smith believes it is a fair assumption that this year the return will not be less.

An interesting estimate of Canada's per capita wealth has been made by the League of Nations, with comparative figures of 22 years ago. In 1925 the per capita wealth in this country amounted to \$2,400, as contrasted with \$1,100 per capita in 1903. Out of the 35 of the world, Canada ranks third, the United States showing \$2,910 and Great Britain \$2,400 per capita, respectively.

With a view to obtaining financial assistance of some kind which will aid the emigration of Austrian farmers to Canada, Dr. Heinrich Moritz, an Austrian Government official, arrived in this country recently on board the Canadian Pacific S.S. "Montreal". There are 16,000 Austrian farmers who would emigrate to Canada, stated Dr. Moritz, all of them practical farmers, but they do not possess sufficient funds to pay their passage to this country.

Egypt may include Canada among the countries in which she will be without representation, according to a statement made recently by Emile Isaac "Ministère" Mr. Sharnoff, a Canadian who arrived in Canada on the Canadian Pacific S.S. "Montreal". Mr. Sharnoff is trying to interest Egypt in Canadian hard wood timber, and in return expects the Dominion to reciprocate by purchasing cotton, dried fruits, etc., direct from Egypt instead of through the middlemen in London or New York.

Walking about on a two-foot level platform, 200, 300 and even 500 feet in the great surface of the city, is all in a day's work to Henry Hoff, expert chimney builder and climber, who was employed recently by the Canadian Pacific Railway to overhaul a 200-foot chimney in the station yards at the Windsor Street Depot in Montreal. It took three days for Hoff and his assistant, Richard Boucher, of Three Rivers, to move the platform, secured by a heavy cable, up the side of the chimney, in order to begin work at the top.

Lord Clarendon, Under-Secretary of State for Dominion Affairs in the British Government, sailed for England from Quebec on the Canadian Pacific liner "Empress of France" September 20th, bringing to a close the extended tour of the Dominion investigating the conditions under which the 3,000-family French Canadian settlement in the station yards at the Windsor Street Depot in Montreal. It took three days for Hoff and his assistant, Richard Boucher, of Three Rivers, to move the platform, secured by a heavy cable, up the side of the chimney, in order to begin work at the top.

TENDERS FOR SCHOOL HOUSE

Sealed Tenders will be received by the Board of Trustees of Shoolich School District No. 4222, at the office of the Secretary-Treasurer up to noon October 25, 1926, for the erection of a one roomed frame school building after Plan Number Shoolich 4222. Plans and specifications may be procured from Secretary-Treasurer on payment of a deposit of \$5.00. Plans may be returned within 24 hours, and deposit will then be refunded. A marked cheque for five per cent of the value of the tender shall be submitted with each tender as a guarantee that same is bona fide.

The lowest or any tender will not

TOWN AND DISTRICT

If some parents knew just all the mischief the boys are into around town at nights there would be some warm pants very soon.

J. M. Telford, of New Westminster R. C. has arrived to look after his farm interests near Chumy, and is looking fine.

The friends of H. E. James are pleased to see him about town again after a serious attack of typhoid. He is still thin and somewhat weak but is picking up every day.

J. C. Heston who has been dangerously ill with pneumonia for the past week, took a turn for the better yesterday and now gives every promise of making a complete recovery.

T. H. Beach received word of the serious illness of his mother at Vancouver and left on Monday morning's train for that place where his mother is visiting her sister.

The Provincial Executive Council of the Canadian Legion is holding throughout Alberta an essay competition for all schools, colleges, etc., with prizes from \$10 to \$25. Gleichen schools should capture some of these prizes.

The everlasting subject—the weather—has been a trying one the past week, with several light rains and snow storms, but this, Wednesday, morning appearances are more favorable. During the past week there has been suspended several times yet a great amount of grain has been hauled into the elevators each day. There is still considerable grain to cut and thresh, but a week of good weather would see most of the threshing finished.

Harold Prestwich, Gleichen odd timer has met with a very unfortunate accident. While repairing a granary he scratched his right hand on a rusty nail. The scratch passed almost unnoticed except for a little blood on the hand. However, blood poisoning set in and Mr. Prestwich sought help with Dr. Bowles. The condition growing rapidly worse he was taken to Calgary Sunday where on Monday he became necessary to have the right arm amputated just below the shoulder.

While Walter James, Jr., was tending a horse in the dark at A. N. McLeay's farm last Wednesday night the animal jumped back, catching Walter's thumb in the loop of the tie and cut it off clean at the first joint. Not feeling any pain for a moment he rubbed after the horse and then could see the blood spurting straight up. He ran to the house and August brought him to Gleichen in his suit when Dr. Partridge attended the wound. Walter suffered a good deal of pain but is now recovering nicely.

Miss Rosemead Duff, of Toronto, W. C. T. U. field worker among the young people of Ontario, is at present in Alberta and the people of Gleichen district are to have the opportunity of hearing her on Monday next, October 18. Miss Duff will give a special address to the boys and girls of the community on Monday afternoon next at 4:30, in the United Church. Miss Duff will also address a public meeting in the evening at 8 o'clock, in the United Church. It is hoped that many will realize the very special opportunity given the community by the presence of this distinguished visitor among us.

COMING EVENTS

Adm. under Coming Events 25c per cent line, unless otherwise advertised in The Call.

Nov. 6, 2 p.m.—U. F. W. A. sale home cooking, farm produce and afternoon tea.

Nov. 2—Opening of Salvation Army Old Man's Home.

Mrs. Suburb "Your husband all day dresses so quietly." Mrs. Newcomb: Oh, does he? You ought to hear him when he loses his collar stud."

She hit band concert: "Is that Beethoven's 'Sonia'?" He [after going's choice to read no title]: "No, it's the Refrain from."

A nice thing about a grouchy husband is a woman doesn't mind when he has to work late.

THE TUCKARBACHE CORNER

The best time ever was had at the party which the boys of the Tuckarbache class held, with a number of girl friends, at the lovely home of Mr. and Mrs. M. Bolinger on Friday last. Games of different kinds were played, among them a "Cobble Bo-ley" which was unquestionably won by Davey.

At the close of the jolly evening supper was served by some of the boys of the class, after which various favors were given. Frank, Point Pretor, then moved a vote of thanks to the host and hostess. With the singing of "Auld Lang Syne" the enjoyable party broke up and the guests departed for their homes with three lusty cheers for Mr. and Mrs. Bolinger.

Everybody thought the party a great success.

All members be on hand at the next meeting, both will be glad to attend meeting on Friday, October 18th, at 8 o'clock.

LAURIE BROWN, Press Reporter.

GOING AFTER IT

BUSINESS AT OUR LIVE STORE IS NO. 1. WE HAVE AN ELABORATE STOCK, WE HAVE THE VALUES, AND WE HAVE ALSO THE PEOPLE BACKED BY PUSH IT IS A GREAT COMBINATION.

Speed up Business with

CHEVROLET

CHEVROLET Coupe for pleasure's use and Chevrolet Utility Express Trucks for hauling and delivery are spending up business for thousands of firms in Canada. Careful owner records show that Chevrolet pays for itself many times over in lower operating cost, in freedom from injury, and in longer life. The lowest prices beyond what Chevrolet can and trucks provide with the utmost economy of transportation in commercial use. Ask your Chevrolet Dealer to show you the reports of actual Chevrolet owners. They may suggest ways in which Chevrolet can speed up your business and cut down your costs. The Smallest Chevrolet in Chevrolet history is selling at the Lowest Price for which Chevrolet has ever been sold in Canada. Ask about GMAC Plan of Deferred Payments.
